## **Dodge County Public Health COVID-19 Update: Vaccine Eligibility Wide Open**

Dodge Co, WI: Dodge County Public Health has been vaccinating individuals with the Moderna Covid-19 vaccine since January and recently received the Johnson and Johnson (Janssen) vaccine as well. Appointment slots are still available for Friday, April 9, 2021 and Saturday, April 10, 2021; slots are also available next week Wednesday, April 14, 2021 through Friday, April 16, 2021. Appointments are required. If interested in making an appointment:

- Fill out an interest form online at [www.co.dodge.wi.gov](http://www.co.dodge.wi.gov)
- Or call the Vaccine Hotline at 920-386-4830
- After submitting your request a scheduler will call to book your appointment

“Our local vaccination efforts continue to ramp up in the coming weeks, and we are happy to now include a broader range of citizens,” continued Abby Sauer “Protect your loved ones, neighbors, and fellow citizens by getting vaccinated when you can, and taking the recommended precautions to include wearing a face covering when in public and gathering with unvaccinated people.”

People who are fully vaccinated against COVID-19, meaning it has been two weeks or longer since they have finished their vaccine series, can engage in some social situations. These include:

- Visiting with other fully vaccinated people indoors without wearing masks or physical distancing.
- Visiting with unvaccinated people from a single household who are all at low risk for severe COVID-19 disease, indoors without wearing masks or physical distancing.
- Refraining from quarantine and testing following a known exposure, if asymptomatic.

It continues to be important that fully vaccinated people follow public health best practices in public spaces. This includes wearing a mask and physically distancing. Fully vaccinated people should also continue these practices when visiting unvaccinated people who are at an increased risk for severe COVID-19 disease.

For the latest local news related to COVID-19, to include vaccination information, visit the Dodge County Public Health COVID Information page on the county website: [co.dodge.wi.gov](http://co.dodge.wi.gov).
